P›TECH

DIGITAL LEARNING IS COMING TO P-TECH!

With ptech.org students can:

– Learn about careers from people in the field
– Build new skills focused on job readiness
– Earn industry recognized digital badges
– Attend special online events
– Participate in global contests

Access the latest content anytime, anywhere, at no cost

It's a digital world and online learning is now available to students on skills and competencies that will translate directly to competitive careers.

Cybersecurity

Blockchain

Data Science

Artificial Intelligence

Design Thinking

Professional Skills

IMPORTANT INFORMATION FOR PARENTS AND GUARDIANS:

If your child is a minor, your local P-TECH school will ask for your consent before granting access to the digital learning platform. You'll be able to see what student information is saved, and how it is used. There is no cost associated with this program.
