

Let's get prepared for interviews (30 minutes)

In this activity, you'll work together in groups of three to practice preparing for an interview. You and your groupmates will have three resources to work with:

- a job description,
- a company description, and
- a list of common interviewing questions.

Each of you should be responsible for reading and thinking about *one* of these three resources. Hint: Take notes here and / or open up a new Google Doc to collaborate.

Step 1: Decide who will review which resource.

Step 2: Split up and take 5 minutes to get familiar with the information in your resource.

Step 3: Come back together and explain to the group what you read and what you think about what you read. Think about the question: What do we need to do to prepare for an interview?

Step 4: Take the remaining time to come up with answers to some of the common interview questions.
